To locate the Manufacturer Export Lot Number and UPC Number, please reference the below illustration:

This recall has been initiated due to potential melamine contamination. Consumption of this product may cause adverse health problems.

Because we are unaware of the extent of the potential contamination, we are recalling all lots and flavors of White Rabbit Candy for the safety of our consumers.

Immediately examine your inventory and quarantine the products, which are the subject of this recall. In addition, if you may have further distributed this product, please identify your customers and notify them at once of this product recall. Your notification to your customers may be enhanced by including a copy of this recall notification letter.

This recall should be carried out to the retail, consumer and user level. Your assistance is appreciated and necessary to prevent potential consumer illness.

Please complete and return the enclosed response form as soon as possible. If you have any questions, please call QFCO, Inc at 650-697-6633.

This voluntary recall is being made with the knowledge of the Food and Drug Administration.
